"A Room Without A View"

Visit "[A Room Without A View](#)" on MotoLyrics.com

May not have any place to go
May not have anything to show
I may not have any friends to call
I may not have any friends at all
I may not care if I get in touch
Well, you might think that I talk to much
May not have a good memory
I may not be all a plain to see
A self-involved personality
But there's nothing I can do
When I'm stuck in a room without a view

May not have a life to live
May not have a lot to give
I may not have anything to say
Maybe I just like to be that way
I may not listen to anyone
Well, you might think that I'm overdone
May not have an attitude
I may not have any reason to lose
An absent-minded way to choose
'Cuz there's nothing I can do
When I'm stuck in a room without a view

Oh, I may sound pathetic, I know
But there's nothing I can do
When I'm stuck in a room without a view
