Infra Riot

It's time to take control again and be the only one
It's time to take control again and be the only one

Cause I just wanna play with myself
And I don't need anyone else
Rising with the sons of madness crossin' over the road

It's time to take control again and be the only one
It's time to sell your soul again and be the holy one

Cause I just wanna finish this race
And I don't wanna lose my face
Locking for a new direction crossin' over the road

So welcome to the other side
Don't be afraid to testify
It's not to late to get high

Reaching for somebody in your image world
Waiting for a sign of a change crossin' over the road

It's time to take control again and be the only one
It's time to play your role again and be the holy one
Cause I don't think that anyone knows

So welcome to the other side
Don't be afraid to crucify
It's not to late to free you mind

Reaching for somebody in your image world
Waiting for a sign of a change crossin' over the road

It's time to take control again and be the only one
It's time to sell your soul again and be the holy one

It's time to rise above again and be the holy one
Cause I don't think that anyone cares

So welcome to the other side

Don?t be afraid to testify
It?s not too late to get you high

Reaching for somebody in your image world
Waiting for a sign of a change crossin? over the road

Reaching for somebody in your image world
Waiting for a kind of a change crossin? over the road...
