Summer comes, of we go.
Sooner or later, here comes the show.

We're in ecstasy, and we're livin' a dream.
Knowing it's the end of it all.

Autumn's here, the deepest feared.
We'll all come too, if you don't give it up.

We're in ecstasy, if you know what i mean.
Livin' on the edge of it all.

So please. come with me.

All we need is something,
And anything goes to stop,
And I don't care if you think we're faking.

Winter comes, like it or not.
Maybe your wiser but you'll never learn.

We're in ecstasy, and we're livin' a dream.
Knowing it's the end of it all.

Springtime arrives, it breakes your heart.
Now you're older and it starts again.

Get in ecstasy, if you know what i mean.
Livin' on the edge of it all.

So please, come with me.

All we need is something,
And anything goes to stop,
And I don't care if you think we're faking.

Cause we're all stuck for hours.
And I'm ready to leave.
And I don't think that we even take it.

And karmageddon's coming!

And karmageddon's gone.
You better start running.
Cause you've got it all wrong.

And i you wanna make it.
Then you'd have to face it.

Knowing it's the end of it all.

And who really cares if you're gonna fall?
