i'm a mantra slider from the golden dawn of history
i'm a mantra slide and i'm here to give you inner peace
i'm the one who stole you words and then taught you
how to speak
so true
i'm an easy way out exit light
i'm a mantra slider the alternative to set you free

i'm a mantra slider and a host for your favourite shows
yeah, i'm a mantra slider and i tell you what god only
knows
i'm an astrological burnout the keeps knocking on your
door
so true
i'm an incarnated distance call
i'm a mantra slider
makes you keep on coming back for more

and everybody got a hold on me
yeah, everybody gotta hold on me
while i try to stay away from the ironic dead end streets

i'm a mantra slider
and the one who picks you up when you are down
i'm a mantra slider
and a safety way for every clown.
i'm a double indication of the stories you have told so
true

yeah, i'm a level-headed turnstile-station
i'm a mantra slider on a market you can't be sold

'cause everybodys got a hold on me
yeah, everybodys gotta hold

'cause if you'll just have to die, just to get some reply
i'll give you back you eyes so you can see
and if you never had enough
and if fools are satisfied
well, all you have to do is to let it bleed for me
while you try to stay away from the ironic dead end

streets so true...
