midnight - sleep tight, been awake too long for a piece  
of mind  
moonlight - starlight, i've been watching you from a  
distant sky  
and it's such a feeling to be home

east side - west side, you've been turning around for a  
place to hide  
who knows we'll grow, when you've got too many faces  
you don't wanna show  
when it's such a feeling to be home  
and you couldn't make it on your own

and i always love to fade another day with you

midnight - sleep tight, been awake too long in your own  
barbed wire  
who knows where to go, i've got too many places  
but i'd like you to know  
that it's such a feeling to be home  
and i always love to be the one who fades another day  
with you
