Wheels of boredom, everywhere, seem to follow me
Wheels of boredom, doing everything to swallow me
You came looking for something, that's for sure
But as soon as you got it all, it's not fun anymore

Wheels of boredom, find a way to amuse yourself
Seen and done everything, so make a turn for your
mental health
You came looking for someone, that's the cure
But as soon as you get what you want, it's not fun
anymore

Yeah, yeah, yeah, yeah, yeah
Sha, la, la, la, la, la, la, la, la, la, yeah
Sha, la, la, la, la, la, la, la, la, la, la

Wheels of boredom, get a practice in what you preach
Or maybe I should be satisfied but you know, that is out
of reach
You came looking for something, that's for sure
But now, when you've got it made, it's all such a bore

Yeah, yeah, yeah, yeah, yeah
Sha, la, la, la, la, la, la, la, la, la, yeah
Sha, la, la, la, la, la, la, la, la, la, yeah
Sha, la, la, la, la, la, la, la, la, la, yeah
Sha, la, la, la, la, la, la, la, la, la, la
