Oh yeah
Uh
Once upon a time
two two hearts
felt the same way
but three three three
lets go
you told me you don't know
(which way) which way you're gonna go
oohhh
truth ain't easy
but please please please me
its time you made up your mind
(im don't wanna cry don't wanna be treated like
a loser)
1,2,3
you're falling in love with me
I'm falling into your lile life
faster than a speeding light
then 1,2,3
you don't wanna hear from me
but if we can't be like before
tell me that oh what love is for
So fly, just fly away
And don't think I can't take it
'Cause you, you you oughtta know
that if you let me go
you're throw you're gonna throw it all away
