About You
Performed by Mista

My parents gone
And I'm all alone
I'm looking for
A trick to kiss me
Tell your friends
I got a bunch of friends
And they're coming in
We're gonna set it off
So let the show begin
My place is fly
I cannot lie
You see that you're the only girl that I adore
Oh you too cute
What you wanna do
Let me show you
I'm going to show you
Everything is all about you

Chorus:
It's all about you
It's all about you
Everything I do is all for you
It's all about you
It's all about you
Everything I do is all for you

True indeed
Is the time I need
Nice and quiet
Underneath you to see
It's fine with me
You're all I breathe
You take a guy like me
Straight down to my knees
But that's okay
I say okay
But you be the first girl on my list
Anything you need

Anything that you need
Anything you need
I'll do for you
I just want you to believe

(Chorus)

I'll do what I gotta do
Just to make you happy baby
Get down on my knees
Ask you to be my lady
I'll do what I gotta do
Just to make you happy baby
Get down on my knees
Ask you to be my lady

I'll do what I gotta do
Just to make you happy baby
Get down on my knees
Ask you to be my lady
I'll do what I gotta do
Just to make you happy baby
Get down on my knees
Ask you to be my lady

(Chorus)

It's all about
It's all about
Hey, yeah
Everything I do is all for you

Shorty, what your name is
Player, what your game is
Every girl what it is, what it ain't
Player boy it's all good with me
And I see you looking so good
And I see you looking so fly
Yo, here's the keys to my drive
Uh, let's ride tonight

(Chorus)
