Baby you can count on me anytime that you feel the
need
And I'll be there in a hurry, giving you the best of me
And baby you know I keep it nice and warm to satisfy
baby
you know that I am always hot for you My sweetie I have
got
that kind of loving times two

Chorus: Boy I'll do you all night long. Give you
everything you want
I will do you all night long. I wanna please you don't
wanna tease you.

You can melt in body and I will slowly melt on to you.
Caress your face
in my valley let me feel the sweetness of you and baby
you know I keep
special each and every time I never do nothing once
and never quite the
same and baby you know if there is anything you want
from me I will supply so
you can have it your way

Chorus:

Here's the vibe, there's candlelight as I undress for you
A sip of wine we take our time then I undress you time
You look at me, I look at you and then we both embrace
And then we just let nature take it's place

Chorus:
