All over the world tonight
Feet are hitting the ground
Day is following night
The strong are leading
All over the world tonight
Clocks are spinning around
Putting the world to right
The weak are dreaming
Crossing the borders of innocence
Breaking down the walls of time
All over the world
It's a happening, it's happening tonight

CHORUS

All over the world
All over the world
Slay the dragon, it has to happen
Love is making, the future's breaking
All over the world, tonight

All over the world tonight
Love is always the verb
When the moments have gone from our creation
All over the world tonight
The young fires are burned
And now the heat is on, with this frustration

CHORUS

All over the world tonight
You're gonna lose control
Yeah led by satellite
For deep devotion
Crossing the borders of innocence
Breaking down the walls of time
All over the world
It's happening, tonight

CHORUS

Well alright

Tonight
Tonight.
