Tomorrow  
Do do do do  
La dee dee da  
Do do do do  
Tomorrow

Like a bird, spreading its wings again over the world  
Oh oh  
And so many dreamers below  
I knock wood  
Somethin' about to be somethin' and i know  
Oh oh  
I'm thinkin' it's all good

Time takes time and it's so hard to wait  
When you feel like it's not movin' on  
Time takes patience, a whole lotta faith when you feel  
like it's gone.

Chorus:  
There's always tomorrow  
The sun always rises  
Sometimes the future is full of surprises  
It's gonna be alright  
Just look on the bright side  
It's coming I'm sure of one things  
There's always tomorrow!

Do do do do  
Tomorrow  
Do do do do  
Tomorrow  
Do do do do  
Tomorrow  
Do do do do  
Tomorrow

Like the stars  
Shining their stuff watching over us now  
Oh oh  
That's what I'm talking about

And my heart beats like a drum cuz it knows what's in  
store  
Oh oh  
A new day that promises more

Here's what  
I go this way cuz i can  
Got an optimistic attitude  
If I  
Don't feel like hope has a chance  
Tell me what's a girl gonna do?

chorus

There's always tomorrow  
Yeah i can taste it  
You just gotta let it go, it could be outrageous  
The thrill of what might be  
The possibillities are waiting  
You know they can change and there's always  
tomorrow!

Time takes time and it's so hard to wait  
When you feel like it's not movin' on  
Time takes patiences, a whole lotta faith when you feel  
like its gone.

chorus

There's always tomorrow
