If I could take you away
Pretend I was queen
What would you say?
Would you think I unreal

'Cause everybody's got the way I should feel
Everybody's talking how I can't can't be in love, but I
want want wanna be your love wanna be your love for
real
Everybody's talking how I can't can't be in love, but I
want want wanna be your love wanna be your love for
real
Want to be your everything
Everything....

Everything's falling and dying in cold dripping light
Oh how I try
To be just okay
Yeah but all I real ver wanted was a piece of you..

'Cause everybody's got the way I should feel
Everybody's talking how I can't can't be in love, but I
want want wanna be your love wanna be your love for
real
Everybody's talking how I can't can't be in love, but I
want want wanna be your love wanna be your love for
real
Everything will be all right
If you just stay alive

Please sir don't you walk away, don't you walk away,
don't you walk away
Please sir don't you walk away, don't you walk away,
don't you walk away

Everybody's talking how I can't can't be in love, but I
want want wanna be your love wanna be your love for
real
Everybody's talking how I can't can't be in love, but I
want want wanna be your love wanna be your love for
real

OOhh Everybody's talking how I can't can't be in love,
but I want want wanna be your love wanna be your love
for real
Everybody's talking how I can't can't be in love, but I
want want wanna be your love wanna be your love for
real
Wanna be in love, love, love, love, love, love
