I touch the fire, and it freezes me  
I look into it, and it's black  
Why can't I feel?  
My skin should crack and peel  
I want the fire back  
Now, through the smoke, she calls to me  
To make my way across the flame  
To save the day  
Or maybe melt away  
I guess it's all the same

So I will  
Walk through the fire  
'Cause where else can I turn?  
I will  
Walk through the fire  
And let it...

The torch I bear is scorching me  
Buffy's laughing, I've no doubt  
I hope she fries,  
I'm free if that bitch dies  
I better help her out  
'Cause she is  
Drawn to the fire  
Some people...  
She will never learn  
Both: And she will  
Walk through the fire  
and let it...

Will this do a thing to change her?  
Am I leaving dawn in danger?  
Is my slayer too far gone to care?  
What if Buffy can't defeat it?  
Beady eyes is right, we're needed  
Or we could just sit around and glare  
All: We'll  
See it through

It's what we're  
Always here to do  
so we will  
Walk through the fire

So one by one, they turn from me  
I guess my friends can't face the cold  
What can't we face?  
But why I froze,  
Not one among them knows  
And never can be told

She came from the grave much graver  
One by one, they come to me  
First, he'll kill her, then I'll save her  
Everything is turning out so dark  
Going through the motions  
No, I'll save her, then I'll kill her  
I think this line is mostly filler  
What's it going to take to strike a spark?  
It's what they have inside  
She will come  
These endless days  
Are finally ending in a blaze  
All: And we are  
Caught in the fire  
The point of no return  
So we will  
Walk through the fire  
And let it burn  
Let it burn  
Let it burn  
And let it burn!
