[Verse 1:]

I can't hold it in, forever
Eventually, I have to breathe
Done
Hit a lie behind a lie
Behind the wall
Now it's crashing in on me
How did I let it get this far (ooh)
How did I make this wrong turn (oh)
How do I change the thing I've done?
(I don't know)
Only one lesson learned

[Chorus:]

Comes to the light, comes to the light
(Everything)
Comes to the light, comes to the light
Comes to the light, comes to the light
(Everything)
Comes to the light, comes to the light

[Verse 2:]

I can't pretend this hurts
(It hurts)
Deeper than I
Imagined
What I did to a friend (So Sorry)

[Vamp:]

I can't take it back in
How could I do a thing like that?
(I don't know)
Where was my conscience at?
(Somebody tell me, Tell me)
And did I really play my part?
(I know I did)
Now tell me where the healing starts
(Oh)

[Chorus:]

Comes to the light, comes to the light

(Everything)
Comes to the light, comes to the light
Comes to the light, comes to the light
(Everything)
Comes to the light, comes to the light

[Bridge:]
Make it stop (Make it stop)
Make it fade
Make it go away (Make it go away)
Let the pain go away
Make it fade (Make it fade)
Make it fade outta my mind
Make it sail away, sail away
(Sail away sail away)

[Chorus:]
Comes to the light, comes to the light
(Everything)
Comes to the light, comes to the light
Comes to the light, comes to the light
(Everything)
Comes to the light, comes to the light

[Out:]
Comes to the light, comes to the light
(Repeat 'Til Fade)
