Crash, That was you and Me
Started out so innocently
Shattered on the ground, I hear the sound

Crash, Ringing in my ears
I still feel the sting of my tears
Someone wake me, I can't seem to break free

[chorus]
Go on, get out of my head
I'm on the wrong side of a parallel universe
Am I alive or just dead?
I've been stumbling in the dark
Living in a crash world

Hush, Don't say one more word
At this point the truth seems absurd
'Cause who we were is gone forever

Crushed, Underneath our fears
Everything's so twisted and weird
Someone, save me, I can't seem to break free

[chorus]
Go on, get out of my head
I'm on the wrong side of a parallel universe
Am I alive or just dead?
I've been stumbling in the dark
Living in a crash world

Slow motion, Devastation
Should of seen it coming but I couldn't do nothin'
Emotion, Desperation

Someone save me, I can't seem to break free

[chorus] 2x
Go on, get out of my head
I'm on the wrong side of a parallel universe
Am I alive or just dead?
I've been stumbling in the dark
Living in a crash world

Crash World, yeah...
