(Oh-Way-Oh!)

Hey...

Hey...

(Oh-Way-Oh!)

(Oh-Way-Oh!)

So what divides

From the bittersweetness love provides?

I will redefine my place within this union

For what is a lie?

And the better me can't show its side

I will try to find my way to higher ground

Oh! There's a million stories

And a million ways to get there from here

Baby, I'm gonna put your skin on mine

Be inside you all my life

But if you let your heart open up your mind

There's a whole new world on the other side

I'm gonna be your satellite

Now hand over your world at night

And I can hear you sleep beneath the candlelight

I can see your dreams like they were mine

(Oh-Way-Oh!)

(Oh-Way-Oh!)

(Oh-Way-Oh!)

(Oh-Way-Oh-Way-Oh!)

When I, I hear you scream it makes me cry

It makes me realize I'm only human

For what relies on the balance between love and pride?

Then I'll abandon all my pride and bring you love

Oh! There's a million reasons

And a million ways to get to your heart

Baby, I'm gonna make you step outside

The corners of your world and find

That if you let your heart open up your mind

There's a whole new world on the other side
I'm gonna be your satellite
Now hand over your world at night
And I can hear you sleep beneath the candlelight
I can see your dreams like they were mine

(Oh-Way-Oh!)
(Oh-Way-Oh!)
(Oh-Way-Oh!)
(Oh-Way-Oh-Way-Oh!)

(Instrumental Break)

Baby, I'm gonna put your skin on mine
Be inside you all my life
But if you let your heart open up your mind
There's a whole new world on the other side
I'm gonna be your satellite
Now hand over your world at night
And I can hear you sleep beneath the candle-light
I can see your dreams like they were mine

(Oh-Way-Oh!)
(Oh-Way-Oh!)
(Oh-Way-Oh!)
(Oh-Way-Oh-Way-Oh!)
