[Chorus]

(Right and wrong)

Whatever which way they go (right and wrong)

Whatever which way they go (right and wrong)

Whatever which way they go (right and wrong)

Whatever which way they go (right and wrong)

[Verse 1]

Made me a leader before I was ready to lead

Took away my hunger, but didn't give me greed

Made me successful, when I just wanted to be heard

Give me the light, cause all I need is the word

Give me a life, that I'm responsible for

I'll give him what's right, cause I'm responsible for him

And into the night, I'm gonna be there with him

Facing a fight, I be right there with him

Ready for Heaven, cause I done been through the Hell

And since I was seven, I've had a story to tell

See God is great, and that's why I'm still livin'

He gave to me, so I'ma keep on givin'

The bravery of a man's mind is slavery

Is makin me the man I was made to be

I hate to see when cats know but don't spit it

Right is wrong, when it's on you gon get it

[Chorus]

[Verse 2]

I wake up frustrated dog, I'm hurtin' inside

Think about the brothers that put in, work and then died

A certain have tried, a certain have cried

When it didn't go right, you hit me like

You see things ain't always what they seem to be

And the reason I dream of thee is He's with me

And the reason I get through things so easily

Is by the grace of God cause he, see's the need to  
guide me

Walk right beside me

Because he knows what's goin on inside me, he tried  
me

Knew where my heart was at

Knew what I was thinkin  
Knew when I was down and out, left there mistaken  
Knew when to pick me up, cause it got too hard  
Knew when I was gonna scream out "Please God!"  
And you already knew that you would be there for me  
That's why I bring you together to give you the glory

[Chorus]

[Verse 3]

Everyday of life is a new chapter  
And it's already been foretold, so it's up to the soul to  
capture  
The essence of it all, the meak shall inherit the earth  
Destined to ride with the call from birth  
The true worth of a man, is not measured by what he  
does for hiself but  
What he does for someone else  
And if you help another, without concern for (?)  
What you give, you shall recieve to unfold  
And I, put that on my soul  
And, put that on my life  
And, everything I own  
And, everything I know  
And, everything I show is what I was meant to do  
Everything I told you is what I've been through  
And everwhere I been, I was for a reason  
Walk through the desert, ended up freezin  
Start there, end up where?  
And now they know...whatever which way they go

[Chorus]

Whatever which way they go (right and wrong)  
Whatever which way they go (right and wrong)  
Whatever which way they go (right and wrong)  
Whatever which way they go (right and wrong)  
Whatever which way they go (right and wrong)  
Whatever which way they go (right and wrong)  
Whatever which way they go (right and wrong)  
Whatever which way they go  
They know they gonna owe  
They soul to the road they choose  
It don't matter if you win or loose  
You still gotta pay them dues  
You still gotta pay them dues  
You still gotta pay them dues
