I can't lie  
No more of your darkness  
All my pictures seem to fade to black and white  
I'm growing tired and time stands still before me  
Frozen here and the ladder of my life  
To late to stop myself from falling  
I took a chance and changed your way of life  
But you misread my meaning when I met you  
Close the door and let me be blinded by the light

Chorus:

Don't let the sun go down on me  
Although I search my self it's always someone else I  
see  
I'm just allowed fragments of your like [to want to free]  
Lossing everything is like the sun going down on me

I can't find the right romantic line  
See me walk and see the way I feel  
Don't digaurd me just because you think I mean you  
harm  
But these cuts I have they need love to help the heal

Chorus:
