I love you
You mean the world to me

Just a minute ago
Just a minute ago
Just a minute ago i said some things
I know that I cant change that
But when I just screamed
That didnt mean for us to break, break a pact

Im serching for my way back,
But im looking through a peep hole
Trying to find my way back
I wanna be the hero

Im here your there
Im here your there
Im here your there but sweetest this air
But noone is breathing
Such (?)
How can this be
Its your face I see
This is so crazy,
Were in the same room

Im searching for my way back
But im looking through a peep hole
Im trying to find my way back
I wanna be the hero

Hey I dont care what it takes,
But I know we gotta get there (get there)
We got to get there (get there)
I can see it now you and me
I know nothing will change if the both of us just sit here
If we just sit here,
Comon join me girl cant you see

Hey
Im searching for a way back (im lost where am I)
But im looking through a peep hole (I just wanna go

home)

Trying to find my way back (im out here by myself)

I wanna be the hero (im lost in space)

Im searching for a way back (no looking behind the stars)

But im looking through a peep hole (I just wanna see you)

Trying to find my way back (hey we rocking on a star)

I wanna be a hero (I just wanna lead you)

Im serching for a way back

(I love you babe, love you babe, love you babe)
