"Finest Hour"

I'm not afraid to show you how I feel
I'm not afraid to say I've changed
So many things have happen to many times
I can't help but feeling alive

Chorus: It's gonna be my finest hour
I'm gonna take my chance tonight
Don't stop me now cause I got the power
Just be with me in my finest hour

Their will be candle light
When the music plays
As we sip champagne
through the night
Then you take my hand
When we start to dance
We will share a kiss
It will be alright

(Repeat Chorus (3x))
