### "Finger Eleven - Sad Exchange"

Quietly thinking to myself  
Sharing half our mind instead of none  
The shakings just begun  
The pleasantries are gone,  
This sad exchange pleased neither one of us

So we finally gave up  
Meanings tend to give out  
The Time was gone to act out  
this living torture, living torture

No talking When I want you to Listen  
No talking cos it's Living torture, Living torture

Don't know why, don't know why, we can't stand aside  
(I don't want your many faces  
we don't see right)  
If I had known back then  
Whatever I know now  
I'd think I'd have answers but I don't know why

So we finally gave up  
The Meanings tend to give out  
The Time was gone to act out  
But Here I am and I'm still living

No talking when I want you to listen  
No Talking cos it's Living Torture, Living Torture  
No talking when I want you to listen  
Don't tell me what I'm trying to say to you

Both of us know  
What it sounds like in my mind  
Now both of us know  
What it sounds It Sound like  
Both of us know  
What it sounds like in my mind  
Now both of us know  
Now both of us know

No talking when I want you to listen

No Talking cos it's Living Torture, Living Torture  
No talking when I want you to listen  
Don't tell me what I'm trying to say to you

Quietly thinking to ourselves  
This sad exchange pleased neither on of us
