Is that someone you used to date
Why she's hanging around, what's her story
Doesn't she know that its too late
That the party is over and thats cause for me

Why dont u tell her what's been going on
Cuz she seems to be dreaming instead of just leaving
If you don't have the hart to fill her in
Then just step aside and let me lay it on the line

Cuz your mine
And tonight you dont live all around here
your mine
and this time I'm gonna scream a little louder

Chorus:
Dont wanna be like
every other girl in the world
like every other one who wants you
Cuz when I see you something inside me burn
and I realsize I wanna come first
I wanna come first

You look at me and I just die
Its like heaven arriving in my mind
and I cant believe all this jealousy
I used to be a girl who could let a guy breathe
But your mine
And tonight you live all around me
your mine
and this time I'm gonna get a little louder

I wanna be like
every other girl in the world
like every other one who wants you
Cuz when I see you something inside me burn
and I realize I wanna come first
(I wanna come first 2x)

Dont wanna be like every girl who's tried to get you
I wanna be the one who's never falling like she met you

I wanna come first 2x
Hey!

(Chorus 2x)
