Fly With Me

Performed by 98°

So won't you fly with me
I wanna make you feel alright
Alright with me
Let me mend your broken wings
And set you free girl it's alright
Girl can't you see

Let me take you to a place
That you've never seen, never been only dreamed
Where I can take away all of your pain
Girl I promise that you'll never hurt again, yeah
And I can make you feel the world belongs to you
You're the one all I need
And you know that it's true

So won't you fly with me
I wanna make you feel alright
Alright with me
Let me mend your broken wings
And set you free girl it's alright
Girl can't you see

Let me turn your night to day
Let me be the one to bring innocence
I know it must be hard for you to see things clear
But baby you got nothing to fear, oh no
Together we can touch the moon and kiss the sky
Make you feel how I feel
When I look in your eyes, oh yeah

So won't you fly with me
I wanna make you feel alright
Alright with me
Let me mend your broken wings
And set you free girl it's alright
Girl can't you see

So won't you fly with me

I wanna make you feel alright
Alright with me
Let me mend your broken wings
And set you free girl it's alright
Girl can't you see

All I need in my life
Is you at my side girl (you at my side girl)
Let me be the one (let me be the one)
To hold you close
Your hand in mine girl
And together we'll fly

So won't you fly with me
I wanna make you feel alright
Alright with me
Let me mend your broken wings
And set you free girl it's alright
Girl can't you see
