anywhere you wanna go
anything you need to know
all the best in life
i wanna get it for you
lately i just feel so fine
i imagine that you're mine
in my world you're gold
i only wanna protect you

whatever i want i get
i want a shooting star
whatever i need i have
when i'm with you

follow me inside outside
through the stratosphere
the moon is shining for you
it knows that i adore you
suddenly all the sadness
will just slip away and you will see what i mean
if you just follow me in my dreams

i was searching everywhere
suddenly i saw you there
and my love arrived
just in the nick of time
life floats on a movie screen
you're the star of my scene
we live on the edge of a knife
larger than life

and whatever i want i get
no one could take your place
whatever i need i have
when i see your face

follow me inside outside
through the stratosphere
the moon is shining for you
it knows that i adore you
suddenly all the sadness

will just slip away and you will see what i mean
if you just follow me in my dreams

pah pah pata
pata pah pata pata
pah pah pata
pata yah

follow me inside outside
through the stratosphere
the moon is shining for you
it knows that i adore you
suddenly all the sadness
will just slip away and you will see what i mean
if you just follow me in my dreams
