Can we pretend for one second that we are together,
What's the point of keeping my feelings at bay,
It takes alot of me,
To get the nerve to wake up,
Everyday,

And what if I don't,
Would you even care,
Would you even care,

Forget everything that we have done,
Erase me,
From your memory,
Don't call,
Don't ask about me until the day hell freezes over,

I can't remember the last time I saw you smile,
It might have been around this time last year,
It takes alot of me,
To get the nerve to tell you everything is ok,

And what if I don't,
Would you even care,
Would you even care,

Forget everything that we have done,
Erase me,
From your memory,
Don't call,
Don't ask about me until the day hell freezes over,

It's gone,
Before you know it,
You can't let go of something you've never had,
It's ash until you burn it,
I hope I never see you again,

And what if I don't,
Would you even care,
Would you even care,

Forget everything that we have done,
Erase me,
From your memory,
Don't call,
Don't ask about me until the day hell freezes over,

When hell freezes over
