(Hey You) Free Up Your Mind
Performed by Emma Bunton p/k/a Baby Spice

Free up your mind
Ooh alright

Let the music free up your mind
Free up your mind
Free up your mind

Hey you over there
I know you got a problem but don't despair
See me I have no soul
Tell about myself with a rock and roll
There must be something that you're longing to be
Give in to the rhythm
Let the music

Free up your mind
Let the music free up your mind
And it will help you to find
Let the music help you to find
The beats will give you a sign
Ooh, let the music free up your mind
Free up your mind

Hey you over there
Don't wanna hear the rest of it
Cause I don't care
See me believe in you
Got to help yourself, what you gonna do
There must be something that you're longing to say
Give in to the rhythm
Let the music

Free up your mind
Let the music free up your mind
And it will help you to find
Let the music help you to find
The beats will give you a sign
Ooh, let the music free up your mind

Free up your mind

Hey you, hey you
Hey you, hey you
Hey you, hey you
Hey, hey
Free up your mind

Hey you over there
I know you got a problem but don't despair
See me I have no soul
Tell about myself with a rock and rock and roll
Rock and roll

Free up your mind
Let the music free up your mind
And it will help you to find
Let the music help you to find
The beats will give you a sign
Ooh, let the music free up your mind
Free up your mind

Hey you, hey you
Let the music free up your mind
Hey you, hey you
Let the music help you to find
Hey you
Ooh, let the music free up your mind
Free up your mind

Hey you, hey you
Hey you, hey you
Hey you, hey you
Free up your mind
