"Fuel - Won't Back Down"

I know what darkness means
(and the point to run from me)
the isolation stings
(so thick it wants to bleed)
the echoes in my brain
(all the things you said to me)
you took my everything
Now I'm coming for you

I won't back down
I will not bow
I've come to bring you hell
And I can't forget
things you did
I've come to bring you hell

The shadow that you see
(in the places that you sleep)
are memories of me
(you better pray a soul to keep)
the truth behind you eyes
(you know the things you never see)
your darkest little lies
(I'm coming for you)

I won't back down
I will not bow
I've come to bring you hell
And I can't forget things you did
I've come to bring you hell

All the scars that will not heal
All the wounds that will not seal
I will not forget the days
Theses memories never fall

I won't back down
I will not bow
And I can't forget
things you did
I've come to bring you hell

I've come to bring you hell
I've come to bring you hell
I've come to bring you hell
I've come to bring you hell
I've come to bring you hell
I've come to bring you hell
I've come to bring you hell
I've come to bring you hell
