### "Gimme Some Money"

Stop wasting my time  
You know what I want  
You know what I need  
Or maybe you don't  
Do I have to come right  
Flat out and tell you everything?

Gimme some money  
Gimme some money

I'm nobody's fool  
I'm nobody's clown  
I'm treating you cool  
I'm putting you down  
But baby I don't intend to leave empty handed

Gimme some money  
Gimme some money

Don't get me wrong  
Try getting me right  
Your face is ok but your purse is too tight

I'm looking for pound notes  
Loose change  
Bad checks, anything

Gimme some money  
Gimme some money
