If I were you I'd be taking it easy  
Kick back and relax for a little while  
We'll all still be here tomorrow  
Take time just to act like a little child  
No matter what the world has in store for us  
Reach out for a comfortable chair  
Rejoice and throw your arms in the air

[Chorus]

'Cause it's a good life so why you trippin'  
The good life slippin' away

If your boss is giving you pressure  
Let go take a breather in the park  
You've got to find out what's your pleasure  
In time ou'll be singing like a lark  
Pretty soon your sorry wll chime for all  
Somebody will heed your call  
Leave all your troubles and pain  
And rise like Phoenix from the flame

[Chorus]

'Cause it's a good life so why you trippin'  
The good life slippin' away

Reach out for comfortable chair  
Rejoice and throw your arms in the air

Now the gospel according to Boots is  
If you're gonna have a life, you might as well have a  
good one

[Chorus]

'Cause it's a good life so why you trippin'  
The good life slippin' away
