Gravy

Performed Dee Dee Sharp

Come on baby I need gravy

Give me, give me

Give me, give me gravy tonight

I know you dance the mashed potato fine

But that don't show me that you're really mine

Once start dancin' we're now romancin'

So put that sucker on extra on the line

Gravy

On my mashed potatoes, give me

Gravy

Come and treat me right

Gravy

You're the greatest, so

Give me, give me

Give me, give me gravy tonight

I think it's twisted but I want some more

There's something missing now we're on the floor

Come on baby I want some gravy

A little kiss is what I'm waiting for

Gravy

On my mashed potatoes, give me

Gravy

Come and treat me right

Gravy

You're the greatest

Give me, give me

Give me, give me gravy tonight

Work out baby work out

All that huggin' and kissin' is why

I've got to have something else

Now when the mashed potato is finally through

There's lots of groovy, gravy things to do

Lots of lovin', kissin', huggin'  
I wanna ride that gravy train with you

Gravy  
On my mashed potatoes, give me  
Gravy  
Come and treat me right  
Gravy  
Hey baby you're the greatest  
Give me, give me  
Give me, give me gravy tonight, give me

Gravy  
On my mashed potatoes, give me  
Gravy  
Come and treat me right  
Gravy  
Oh baby come on honey  
Give me, give me  
Give me, give me gravy tonight

Gravy  
On my mashed potatoes, give me  
Gravy  
All that huggin' and kissin' is great  
That I like  
Yeah, what about gravy on it
