sparks fly
i hit the ground running
thumb in the air on the side of the road
good work never comes easy
hey driver to the top of the world

sparks fly
i hit the ground running
thumb in the air on the side of the road
good work never comes easy
hey driver to the top of the world

threw my life over my right shoulder with confidence
and here i come
westbound
leave the motor running cause i'm on the run
in this crowded world
i'll be high waiting when the last train comes

dark skies
i feel my heels burning
false highs till the end the road
no doubt
i got a lot learning
hey driver to the top of the world

threw my life over my right shoulder with confidence
and here i come
westbound
leave the motor running cause i'm on the run
in this crowded world
i'll be high waiting when the last train comes

westbound
leave the motor running cause i'm on the run
in this crowded world
i'll be high waiting when the last train comes

sparks fly
i hit the ground running
thumb in the air on the side of the road

good work never comes easy
hey driver to the top of the world

sparks fly
i hit the ground running
time stops at the end the end of the road
the big life, big deals, beginnings
hey driver to the top of the world
