To see you leave again, it's over  
And it kills me to watch you descend, to the end

Shutting me out again  
Are you trying?  
Closing me out again  
Are you hurting?

You take me down  
Further inside of me  
Now I'm fading out  
I can barely see

To see you caving in, I'm undone  
And to say it's the last time again, it's the end

Shutting me out again  
Are you trying?  
Closing me out again  
Are you hurting?

You take me down  
Further inside of me  
Now I'm fading out  
I can barely see
