I Like Boys..

I'm throwing out my doll house
I'm giving up my toys
I realized this morning
I like boys

Chorus: I Like Boys (I Like Boys)
I Like Boys (I Like Boys)

I'm giving up my hot stuff
To get a little boys
I'm putting on some lipstick
To attract some boys
(repeat chorus)

I'm making no more mud pies
I'm staying out of the dirt
I'm gonna buy some nilons
And a leather mini skirt
(repeat chorus)

I'm gonna let the world know
By making lots of noise
No people turning back now
Cause we like boys

We Like boys (I Like Boys)
We Like boys (I Like Boys)
We like boys
I Like boys
