I try
But I can't seem to get myself to think of anything but
you
Your breath on my face
Your warm gentle kiss I taste
That's true
I taste the truth
U know what I came here for
So I wont ask for more

I wanna be with you
If only for one night....to be the one who's in your arms
who holds you tight
I wanna be with you
There's nothing more to say
There's nothing else I want more than to feel this way
I wanna be with U

So I'll hope for tonite like I would if you were mine, to
hold, forever more
And I'll savor his touch that I wanted so much
To be here before, to feel before
how beautiful it is just to be like this

I wanna be with you
If only for one night....to be the one who's in your arms
who holds you tight
I wanna be with you
There's nothing more to say
There's nothing else I want more than to feel this way
I wanna be with u

Oh, baby , I cant fight this feeling anymore
Drives me crazy when I try to
So come my way, take my hand,
Can U make my wish, baby you are in command

I wanna be with you
There's nothing more to say
There's nothing else I want more than to ferl this way
I wanna be with U

I wanna be with U
wanna be with U

Ooo, yeaaa

I wanna be, I wanna be with U
I wanna be I wanna be, I wanna be

Yeaa

I wanna be I wanna be, yea

I wanna be (I wanna be with you)

I wanna be with you yea

I wanna be with you
