I close my eyes and even when I'm sleeping I'm alright  
Cause you are in my life  
Once upon a time  
I only imagined this  
And now you're mine  
Wished for you so hard  
Pray that you'd find me  
Maybe you're here today  
Here to remind me

If you believe that dreams come true  
There's one that's waiting there for you  
Cause I believed when I saw you that when you want  
something enough  
Then it can't escape your love  
There is nothing in the world that cannot be  
If you believe

Everybody said that I was a fool to think that we  
connect  
(Everybody said that) I couldn't get my heart out of my  
head  
They just didn't see  
No they just couldn't know  
The feeling that you get  
The places that you go

If you believe that dreams come true  
There's one that's waiting there for you  
Cause I believed when I saw you  
That when you want something enough  
Then it can't escape your love  
There is nothing in the world that cannot be  
If you believe

Never wished for material things  
Never needed wind in my wings  
I never wished for anything but you....  
I can't explain it  
Someone just told me  
Go where your heart is you'll never be lonely

If you believe that dreams come true  
There's one that's waiting there for you  
Cause I believed when I saw you that when you want  
someone enough  
Then they can't escape your love  
There is nothing in the world that cannot be  
If you believe
