We're in a new place, with the same face,
But nothing looks familliarly,
But there's a storm rush and wind stuff,
And it's bringing out the woman in me.
I know that you're out there somewhere
Waiting on me for connection,
Now i'm looking on my left, searching on my right,
Coz' we could be the greatest affection

I'm ready, come and find me, i'm not gonna hack out the sun on my silence, heavy comes and find me, Open for the one and i'm ready. Ready Ready ready hey,

I'm feeling out there so baby beware,
Coz now it's just a matter of time,
Before my eyes close, and the sky falls,
Of every moment that i tell you you're mine,
I know that you're out there somewhere moving in
another direction,
So hurry up and come as fast as you can run,
I'll be waiting for to long.

Coz i'm ready come and find, I'm not gnna hack out the sun on my silence Heavy comes and finds me Ready for the one and i'm ready!
