No fear, no loss, no tears,
The time is almost here.
Our dreams will all come true, I promise you,
'Cause I can see for miles and miles.
In time we'll be dancing in the streets all night (all
night, all night).
In time, yes, everything will be all right (all right, all
right).
It'll take time but we're going far,
You and me, yes I know we are.
In time we'll be dancing in the streets all night.
Oh yeah, oh yeah, oh yeah.
Oh yeah, oh yeah, oh yeah.
In time we'll be dancing in the streets all night.
All night.

One heart, one soul, one mind,
Our eyes will not be blind.
We'll see this rain come down without this sound,
We can all, we can all break free.
In time we'll be dancing in the streets all night (all
night, all night).
In time, yes, everything will be all right (all right, all
right).
It'll take time but we're going far,
You and me, yes I know we are,
In time we'll be dancing in the streets all night.
Oh yeah, oh yeah, oh yeah.
Oh yeah, oh yeah, oh yeah.
In time . . .

In time we'll be dancing in the streets all night (all
night, all night).
In time, yes, everything will be all right (all right, all
right).
It'll take time but we're going far,
You and me, yes I know we are,
In time we'll be dancing in the streets all night.
All night, we'll be dancing,
We'll be dancing, we'll be dancing,
All night . . .

We'll be dancing in the streets all night.
Dancing . . .
In time, we'll be dancing . . . all night.
We'll be dancing in the streets all night.
