Josie and The Pussycats
Long tails and ears for hats
Guitars and marshal stats
Hot sweet super cool
Don't you know these kitties rule
We've been going over the master plan
Driven in a pussin painted van
Wrapped yourself for hours
Don't you know

No matter where you go
We'll be on your radio
Josie and The Pussycats
Hot lips we'll give you that
Stone foxes that's a fact
Josie and The Pussycats
Even though we're playing in our garage
Soon we'll have a massive aunterauge
Going triple platinum
You'll just watch us climbing up the billboard charts
Breaking records, breaking hearts
Let's go

Josie and The Pussycats
Long tails and ears for hats
We know just where it's at
East west mam soul
Guaranteed to rock the house
Josie and The Pussycats
