You think you can have both of them and I want you to know

That I'm in, I'm in

And this time I'm staying to bur the trail that you left, you left

And if I was cold, well then you would stay inside me, warm me

Here I'm safe so here I stay

Lift me out, lift the doubt

You asked me to say what I had done

I told you just like I told everyone

I still have some doubts that you are the reason

Still this is just so hard cause I know that I'll be left like always

Here I'm safe so here I stay

Lift me out, lift the doubt
