I want a little something more
Don't want the middle or the one before
I don't desire a complicated past
I want a love that will last

Say that you love me
Say I'm the one
Don't kiss and hug me and then try to run
i don't do drama My tears don't fall fast
i want a love that will last

I don't want just a memory
Give me forever
Don't even think about saying good-bye
Cause I want just one love to be enough
And remain in my heart till I die

So call me romantic
Oh I guess that's so
There's something more that you ought to know
Oh i'll never leave tou
So don't even ask
I want a love that will last
Forever

I don't want just a memory
Give me forever
Don't even think about saying good-bye
Cause I want one love to be enough
and remain in my heart till i die

So there's just little more that I need
I want to share all the air you breath
I'm not the kind of girl to complicate the past
I want a love that will last
Forever

I want a love that will last
always
I just want a love that will last
i want a love that will last
