Lullaby

Performed by Mandah

Just cause I'm small
Can't hurt you at all
I'm only a girl
What to do
Let me sing my song for you
Not many can
Cause its my command
I know just how to get to you
Let me sing my song for you

When you lay down late at night
I'm a siren you can't fight
I know you don't stand a chance
There is nothing you can do
Once I put my spell on you
When I sing my lullaby
Lullaby
Lullaby
Lullaby
When I sing for you my lullaby

Now that you seen
It wasn't a dream
Reality got the best of you
I told you boy
I would come after you
Now it's too late
Can't hesitate
To have this fate with dÃ©jÃ vu
Watch out boy
I coming for you

When you lay down late at night
I'm a siren you can't fight
I know you don't stand a chance
There is nothing you can do
Once I put my spell on you
When I sing my lullaby

Lullaby
Lullaby
Lullaby
When I sing to you my lullaby

In your sleep
Its got you so deep
The sweet melody
Has captured you, ooh
Forever more

Lullaby
Lullaby
Lullaby
When I sing for you my lullaby

Sing my lullaby

When you lay down late at night
I'm a siren you can't fight
I know you don't stand a chance
There is nothing you can do
Once I put my spell on you
When I sing my lullaby

Sing my lullaby
