While all the time that I was loving you, you were busy
loving yourself
I would stop breathing if you told me to now you're
busy loving someone else
11 years out of my life, besides the kids I have nothing
to show, wasted my
years a fool of a wife. I should have left your a** long
time ago

Chorus: Well I'm not goin' cry, I'm not goin' cry, I'm not
goin' shed no
tears. Not I'm not goin' cry, it' not worth the time cause
you're not worth
my fears

I was your lover and your secretary, working everyday
of the week, was at the
job when no one else was there helping you get on your
feet 11 years of
sacrifice and you can leave me at the drop of a dime,
swallow my fears stood
by your side. I should have left your a** a thousand
times

Chorus:

I know there are no guarantees in love you take your
chances, but somehow
it seems unfair to me, look at the circumstance. In
sickness and health,
through death do us part those are the words that we
said from our heart
so now when you said that you're leaving me I don't get
part

I was you lover and your secretary working everyday of
the week, was at
the job when no one else was there helping you get on
your feet
11 years of sacrifice and you can leave me at the drop
of a dime, swallowed

my fears stood by your side, I should have left your a**
a thousand times

Chorus
