Here's a story of a girl,
livin in a lonely world,
A hidden note,
a secrete crush,
A little boy who talks to much

Well, i'm standing in the crowd
and when you smile i check you out
but you dont even know my name,
you're too busy playin games

And i want you to know
if you loose your way i wont let you go

(CHORUS)

If i cut my hair
if i change my clothes
will ya notice me
If i bite my lip
if i say hello
will ya notice me
whats it gonna take to see
ill get ya to notice me

got your head up in the clouds
tell me when your coming down
no, i dont wanna sink your ship
but its not about the scholarship

and all the friends that follow you
they tell ya things that just aint true
im the girl you never see
im the one you really need

oh, dont get me rong
you better make your move before the moments gone

(CHORUS)

im not lik the rest, i just dont care if ur the best
just be who you wanna be
its all the same to me

oh, dont get me rong
you better make your move before the moments gone

(CHORUS)
