Gonna see some major changes coming over me

I'm gonna be the most popular girl  
I'm gonna be the most popular girl  
I'm gonna change my hair and make up soon your  
gonna see  
I'm gonna be the most popular girl  
I'm gonna be the most popular girl

Gonna change my hair and makeup too  
Philip: "Hey there suga won't you ride with us  
You're gonna see  
Come on baby don't you put up a fuss  
Gonna be so different  
It looks like you really caught my eye  
You won't recognize me  
Jump in the car so we can fly away  
I'm gonna be the most popular girl  
Be cool baby don't put up a fight  
I'm gonna be the most popular girl  
Whether it's Wednesday or a Saturday night

We would like you to come into our world  
Popular girl, my new life has begun  
Cause every cool guy needs a popular girl"  
So come into the world

of this popular girl  
Gonna be all drapes and dimes heavens gonna shine

I'll have the press and attention I will never mind  
Hey there sugar, won't you ride with us  
I'm gonna be the most popular girl  
Come on pretty baby, don't you put up a fuss  
I'm gonna be the most popular girl  
It looks like you really caught our eye

So jump in the car so we can go ride  
Come on cool baby don't you put up a fight

Weather is windy on a Saturday night  
We'd like you to come into our world  
Cause every cool guy needs a popular girl

Gonna be all draped in diamonds  
How they're gonna shine  
All the eyes and the attention  
I will never mind  
I'm gonna be the most popular girl  
I'm gonna be the most popular girl

Popular girl, my new life has begun  
So come into the world of this popular girl

Come into the world  
The most popular girl  
Come into the world  
The most popular girl
