English

What can i do for you

What can i do for you
What can i do for you
What can i do for you
I can hear you
What can i do for you
What can i do for you
What can i do for you

Never thought that I would wind up by myself
If I told my wild, imagination
But I hear I am finding myself so lost
Everyday is a way, for me to turn back

All the things I see
They are different from

What I had imagined they would be
Everything is different
Now I'm getting dizzy spells

Its real emotion, shakin' up the world
I'll never give it up
I don't ever want to
Lose this far
No more than I can do
When I am just too wrong
And in my heart I can hear you say,
That I am not alone.

What can I do for you
What can I do for you
What can I do for you
I can hear you
What can I do for you
What can I do for you
What can I do for you

Never gotta look back I'm already here
Cause you give me faith
I'm on my own now
If anything happens, unexpectedly
I know you are there, to come and save me

What do I do now?
What can I do now?
For the truth that you have made me see
All that I can do now
Is believe in what I feel

It's real emotion, shakin' up the world
I'll be forever blessed, for you to stand by me
Then, before
So many things you tell me
That's why I am here
You give me strength and now I know
That I am not alone

What can I do for you
What can I do for you

What can I do for you
What can I do for you
What what what
What can I do for you
What can I do for you

I can hear you

It's real emotion, shakin' up the world
You're always here with me, so deep in my heart
And I, am there
Beside you when you need me
Since I'm finally strong
Just close your eyes and you'll see me there
Cause you are not alone

Its real emotion, shakin' up the world
I'll never give it up
I don't ever want to
Lose this far
No more than I can do
When I am just too wrong
And in my heart I can hear you say,
That I am not alone.

What can i do for you
What can i do for you
What can i do for you
I can hear you
What can i do for you
What can i do for you
What can i do for you

I can hear you

I can hear you
