You ran around
inside my head.
When you passed out,
I felt dead.
And I realized
you make me live.

And when my world
starts to cave in,
you jump inside
and take my hand.
No matter where,
you are there.

Will I ever see,
what you could see in me?
I do,
I just believe
that we will always be
and dream, yeah.

Well, I will never be
the sign that we must see,
that you and me were meant to be
so just believe why we
are together.

You are my light,
you are my star,
you are my sunshine
and my dark.
You are the everything
I dreamed about.

You are the guy
who stole my heart.
I am the girl
you're always smiling for.
We have a love
people dream about.

A real life fairytale.

I thought that I
would be alone.
You caught my eye
and I was home.
And I realized
that this was love.

I see the world
through different eyes.
I look at you
by my side.
No matter where,
you're always there.

Will I ever see
what you could see in me?
I do,
I just believe
that we will always be
and dream, yeah.

Well, I will never be
the side that you will see,
that you and me were meant to be
so just believe why we
are together.

You are my light,
you are my star.
You are my sunshine
and my dark.
You are the everything
I dreamed about.

You are the guy
who stole my heart.
I am the girl
you're always smiling for.
We have a love
people dream about.

Dream with me,
make me believe
that this is
a real life fairytale!

You are my light,
you are my star.
You are my sunshine,

and my dark.
You are the everything
I dreamed about!

You are the guy
who stole my heart.
I am the girl
you're always smiling for.
We have a love
people dream about.

A real life fairytale.
A real life fairytale.
A real life fairytale.
