Run away, run away, run away and save your life.
Run away, run away, run away if you want to survive.
Run away, run away, run away and save your life.
Run away, run away, run away if you want to survive.

Money, sex, in full control, a generation without soul,
Perfect people in a perfect world, behind closed doors
all in control,
Life, in a world of luxury, cold cash money mentality,
You gotta keep the faith, you gotta keep the faith,
You better keep the faith and run away.

Chorus

It's time to break free, oh oh oh oh, run away, oh oh oh
oh,
You better break free, oh oh oh oh, run away, oh oh oh
oh.
Money, sex, in full control, look, big brother is watching
you,
Unlock your brain and save your soul, no more limits,
no more curfew,
Life in the perfect system, take a stand and fight for
freedom,
Keep the faith, you gotta keep the faith,
You better keep the faith and run away.

Chorus several times

It's time to break free, oh oh oh oh, run away,
Oh oh oh oh, you better break free, oh oh oh oh,
Run away, oh oh oh oh
Keep the faith, you gotta keep the faith,
You better keep the faith and run away.
Keep the faith, you gotta keep the faith,
You better keep the faith and run away.
