When I was only a zygote, I still remember the time  
When there was nothing to know or to think about  
Except for the sound of my mind and the sound from  
outside

SenSurround, down at the bottom  
Sensible to ear and sternum  
And the world first spoke to me in SenSurround

If Mom had known she was expecting  
She might have gone to see "Jaws"  
Instead of picking a film where the sound effects  
Came right up through the floor and I'd be differently  
formed.

SenSurround, down at the bottom  
Sensible to ear and sternum  
And the world first spoke to me in SenSurround

Accidentally in a coal mine it was found  
When they accidentally dug too far down and they found  
SenSurround

I still don't know who conceived it or where they got the  
idea  
But there it was in the aisle by the exit sign  
A woofer covered in wood to shake the room when it  
should

SenSurround, down at the bottom  
Sensible to ear and sternum  
Make the fakeness realistic when the action went  
ballistic  
One degree shy of sadistic  
And the world first spoke to me in SenSurround

Ba, ba, ba, ba, ba, ba, ba, ba  
Ba, ba, ba, ba, ba, ba, ba, ba  
Ba, ba, ba, ba, ba, ba, ba, ba

If I could swim underwater without having to breathe

If I could follow the trail to the ocean floor  
I think I know what there'd be waiting for me

SenSurround, down at the bottom  
Sensible to ear and sternum  
Make the fakeness realistic when the action went  
ballistic  
One degree shy of sadistic  
And the world first spoke to me in SenSurround
