[Verse 1]

I took ur picture, with one particluar reason and its to
capture ur character,
I like to sit and stare at 'cha
Aint nothin wrong with starin at cha
Girl don't be scared at the fact that i envision us getting
married and i ain't tryin to rush nuttin
Cuz i aint rushin
It'll take a time like, "whats them things that move slow
you knowthem...damn..i cant think cuz u on my mind..."
And when u on my mindi cant find anything to ryhme
with ryhme
I gotta ryhme ryhme with mixture
And speakin of mixture
With u i wanna get mixed up
Im like a record and ur like a record
So lets let the DJ mix us
Ur like an elixir
Thats got me tipsy,
This is just like ripples
Believe it or not girl but i love you

[chorus]

Girl u really got me goin
Outta control
I dot know what im doin
Lets let it go
And do what we do best
Take off our clothes
We look better undressed

[Bridge-repeat 2x]

Lets get sexy

Sounds so good

Fightin' is rightin'
Fightin' is rightin'
Lets get sexy
Its so much more exciting

[Verse 2]

For you im a fanatic
Im a addict
Ur sexy antics turn me on like automatic
No need to get dramatic
But i gotta have it
(gimme gimme gimme gimme)
Gimme some of them sexual acrobatics
Kama sutra girl, anything that suits you girl
Things u aint used to girl
Come over here and let me show you just how we will
do it
Im a freak and u knew it
Ur a freak and i knew it
Baby lets get to it

[chorus]

[Verse 3]

U take me to extasy
Witout takin extasty
Its exactly like extasy
When u layin right next to me
Im sexin' u
Sexin u

Sexin me
Its feels so damn natural
Wut we doin so naturally
Im likin u rubbin' me
And u likin me rubbin' u
