You could say everything's no good  
Cause you'll just say what everyone else would  
You could say that the sky is blue  
Cause I wonder who would ever not believe you  
Should've said this for so long  
So so loooooong

Shapeshifter  
Guest lister  
Big thinker she'll turn around ya diss her  
Gate crasher  
Rehasher  
If you think that's cool, whatever dude  
Whatever dude

You could say what she wants to hear  
Cause It's her car, and she let's the bum steer  
You could say that the fix is in  
But I don't believe it not for a minute  
Cause you like all the same songs  
You're all wrong, you're just all wrong

Shapeshifter  
Guest lister  
Big thinker you'll turn around ya diss her  
Gate crasher  
Rehasher  
Do you think that's cool? Whatever dude  
Whatever dude

Boys like you don't cost a dime  
You could say that's fine fine fine fine fine  
But you know just as well as I that's a lie lie lie lie

Gate crasher  
Rehasher  
Big thinker she'll turn around and trash her  
Shapshifter  
Guest lister  
If you think that's cool  
Shapeshifter

Guest lister  
Big thinker she'll turn around you'll diss her  
Gate crasher  
Rehasher

If you think that's cool  
Whatever dude  
Whatever dude  
Whatever dude  
Whatever dude  
Whatever
